

**The Shendurni Secondary Education Co-operative Society's
Appasaheb R. B. Garud Arts, Commerce and Science College, Shendurni,
Tal. Jamner, Dist. Jalgaon (Maharashtra)**

Internal Quality Assurance Cell (IQAC)

5.2.2 Average percentage of students progressing to higher education during the last five years

Additional Information

As far as, students progression to higher education is concern, the college is providing higher educations to the students coming from rural area (Vasties, Tanda's, small villages, hilly area, etc), economically poor group, low income group, vulnerable group, farmers family, labour family, etc. and yet most of the students are first generation learners, therefore, college made highest efforts to bring and sustain these students in flow of higher education and motivate them to get higher education or graduate. But, due to above mentioned background of the students and financial needs, most of the students are working in farm, shops, etc on daily basis, therefore many students are dropout from higher education and others will completed their graduation, and stop their education, due to financial needs maximum number of students migrated to nearby metro cities for jobs, or non availability PG Programmes in nearby college, and it is not affordable to go outside or nearby city for higher education or post graduation, therefore they are stop their education as well as many girls students getting married before completing graduation, therefore their progression has been stopped.

The college is identifying these hurdles of students progression of higher education, college is introduced Post Graduation Programmes in the Faculty of Commerce and Management (M. Com.) for these students, college is also sanctioned B. Voc. and M. Voc. Programme under the Faculty of Commerce and Management to provide them profession education at their native place.. After the efforts made by college by organizing collaborating programmes and introducing Post Graduation Programme (M. Com.) in college, many students are progressing for higher education.
