### Internal Quality Assurance Cell (IQAC)

#### 1.3.2: Average percentage of courses that include experiential learning through project work/field work/internship during last one years

The college specially belongs to rural and remote area and almost 50 km far from district place, the college currently running 8 different conventional programmers including one Post Graduation Programme (M. Com.) as per the guidelines and directions given by the university and all the curriculum of this program are designed by the university, and college is performing the activity of delivery of curriculum, and these conventional programmers not much effective to provide any opportunity of specialized field work or internship to the students. Even though the college is organizing field visits to industry or tours and excursion at specific place to gain knowledge from that specific field. Due to college establishment background, none of the industry support to provide field project or internship. But after a successful efforts made by college and IQAC, the college is signed MOU with BOSCH Ltd. Bangalore to run BOSCH Bridge Course, which provides 3 months training, it includes 2 months in house training and one month internship to students to get practical experience of that specific industry. This BOSCH Bridge Course provides different life learning skills and employability skills, during the academic year 2019-20 college were conducted 1 batch of this programme and total 25 students were enrolled in these 1 batch and these students were benefited of field projects and internship.
